DEC 10 1992
DEAR Sir:
I am dissatisfied with
Cencom Cable bill. My previous
bills have been \$23.41 but DEC.
my bill went to \$29.05. No new
service nor channels were added
I advised them of my displeasure
and that I would write somebody.
When one looks at the amount of
this raise its unreasonable and
unwarranted. Copy of bill enclosed-

Dear Sir:

Our problem in central Florida
concerns the buy out of Tele
cable company by Cablevision
central Florida:

RECEIVED

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

This means we no longer have
any option to subscribe to the better
company that is Telecast. Their rates
are fair & their service is excellent.

My concern is that in the
past Cable Vision of Central Florida
has raised their rates to people
who did not have an option to
receive service from another company
while people who did, had lower
rates & I am convinced we will
have a high rate hike & not
good service.

Please help us

Re: South Suburban Cable in place for Edina, Minnesota

As a regular Cable subscriber through Paragon Cable, I have previously, as I do now, registered my objection to the escalating cable rates. Paragon has a monopoly in this area.

As such, it is in a position to assess almost any rate it chooses. In 1987, my monthly rate was \$8.05 and it has grown until it is, at present, at the monthly rate of \$27.26. I submit that it hardly seems possible that the cost of providing this service could have escalated sufficiently to justify such an increase. The service itself has remained essentially the same over this period. Presumably, Paragon was initially able to make do with the \$8.05 rate. Those reasonable costs can hardly have escalated more than three times in the intervening 5 years. I think there is a need for a competitive environment for this important service. The sooner this can be instituted, the better for all concerned. It appears to me that the consumer is being ripped off.

Yours very truly,

Henry Haverstock
